

# Disclaimer

## General Information

The [Meme DAO Name] ("DAO") is a decentralized, community-driven organization. By participating in this DAO or accessing this website, you acknowledge that you understand and agree to the terms and conditions set forth in this disclaimer.

This DAO operates globally and is not directed at any specific jurisdiction, including the United States. Participation in the DAO is entirely voluntary, and no guarantees of returns or profit are made to participants.

## Not an Investment

The governance token ("Token") issued by the DAO is intended solely for entertainment purposes. The Token does not represent a financial investment, and it does not entitle the holder to any ownership rights, profit sharing, dividends, or other financial benefits. The Token's only function is to allow holders to vote on proposals, such as the composition of the meme basket or other governance matters.

By acquiring, holding, or using the Token, you confirm that you are participating in the DAO's governance process and not making an investment in any securities or financial instruments.

## U.S. Residents

Participation in this DAO by U.S. residents may be restricted under applicable securities laws. The DAO has not registered the Token with any U.S. federal or state regulatory agency, including the Securities and Exchange Commission (SEC), as the Token is not intended to be a security.

If you are a U.S. resident, it is your responsibility to ensure that your participation in the DAO complies with all applicable U.S. laws and regulations, including but not limited to securities, commodities, and tax laws. We make no representations that participation in the DAO is lawful for residents of the United States.

## Non-U.S. Residents

Residents of jurisdictions outside the U.S. are responsible for ensuring that participation in the DAO and holding the Token complies with all applicable local laws and regulations. This website and the Token are not intended to constitute an offer to sell or solicit any investment in any jurisdiction where such an offer would be illegal or require additional registration.

Participants should seek independent legal, financial, and tax advice regarding participation in the DAO based on their specific jurisdiction.

## Risks

Participation in any decentralized organization, including this DAO, involves risks. These may include but are not limited to:

**Volatility of Token Value:** The value of the governance Token may fluctuate due to market conditions or changes in the DAO's activities.

**Regulatory Risks:** The regulatory status of cryptocurrencies, tokens, and DAOs is still evolving. Changes in regulations may affect the DAO's operations or your ability to hold or use the Token.

**Smart Contract Risks:** The DAO operates via smart contracts. While these contracts are designed to be secure and transparent, there is always the risk of bugs or vulnerabilities that could result in loss or unintended consequences.

By participating in the DAO or acquiring the Token, you acknowledge that you understand these risks and assume full responsibility for your actions and any associated consequences.

## No Warranties

This website and the DAO are provided "as is," without any warranties of any kind, either express or implied, including but not limited to warranties of merchantability or fitness for a particular purpose.
